

Headrest Tablet Mount Instructions - Ver 1.0

Call 888-722-5240 with any question about installation during the hours of 8am to 5pm Monday - Friday, Pacific Time

Step 1: Remove the components from the packaging. There are two components: (1) device mounting bracket that holds the SmartPhone (2) the attachment bracket. Insert rectangular hook on back of the attachment bracket into the matching rectangular hole on back of the mounting device. There is a top/bottom to the mount. The dual strut supports should be on the down side of the mount when correctly installed.

Step 2: Once inserted slide the hook up until it snaps into place.

Step 3: To install the assembled mounting unit onto the headrest, first loosen the larger knobs in order to release the clips that will wrap around the headrest posts. Align those clips and adjust their width in-line with the posts and tighten the knobs to a firm tension, enough to hold the bracket in place while traveling.

Step 4: To install the tablet into this mount, depress the small button on the right side of the bracket that will hold the tablet in place. Raise the single strut up (while depressing this button) above the height of the tablet and then insert the tablet, setting it on the dual support struts on the bottom edge of the tablet. Bring the extended single strut down to the table and depress it for a snug/firm grip on the tablet.

Step 5: The device can be rotated in place by reaching behind the bracket and loosening the knob/adjuster. Once loose, adjust the angle and position of the device and tighten the adjuster in place.

Step 6: To remove your tablet from the mount, reach around and depress the button to allow the single/upper strut to relax and then slide it up and away from the top of the tablet. You can now remove the tablet from the bracket.

Step 6: To remove the entire mount from the headrest, loosen the two knobs controlling the clips wrapped around the headrest posts. Slide one or both of the clips away from the posts and remove the entire mount.

Warnings:

- **Do not make adjustments to your device or this mount while you are driving.**
- **Do not let this mount block or impair passenger flow while loading and unloading the vehicle.**
- **Make sure the device is secure before driving by tightening the adjusters firmly.**
- **Do not leave your tablet in the mount while the vehicle is parked to avoid the potential for vandalism.**

Limited Liability, 90 Day Warranty Policy

Heininger Holdings, LLC, warrants the original owner of each new CommuteMate product against defects in workmanship and materials for 90 Day from the date of purchase (at retail) of the product, provided it is purchased from an authorized CommuteMate product dealer. This Limited 90 Day Warranty is not transferable and shall only apply to normal and ordinary use, for which the product was intended, as described in the Instructions provided.

Warranty claims are to be made directly to Heininger Holdings and must be accompanied by a sales receipt or other appropriate proof-of-purchase document. Should this product or any part or accessory be determined by Heininger Holdings, to be defective and covered by this Limited 90 Day Warranty, it will be repaired or replaced at the option of Heininger Holdings, without further charge. The cost of transportation to and from the referred warranty inspection facility for repair or replacement of any defective part and/or accessory and any related charges is not covered by this warranty, and is to be paid by the owner.

The warranty does not cover normal wear and tear, worn and normal use cosmetic blemishes, improper assembly, lack of maintenance, or custom alteration/installation of any parts or accessories not originally intended or compatible with the product as sold. The warranty does not apply to damage or failure resulting from an accident, abuse or neglect.

This warranty is given in lieu of all other expressed warranties, implied warranties, including without limitation implied warranties of merchandising ability and fitness for a particular purpose, and are limited to the duration and specification of this warranty. In no event shall Heininger Holdings, be liable for damages in excess of the purchase price of the CommuteMate product, for any loss of use, loss of time, inconvenience, commercial loss, lost profits or savings or any incidental, special, consequential, direct or indirect damages arising out of the use or inability to use such product, to the full extent as such may be disclaimed by the law. Labor charges for part changeover are not covered by this warranty.
